This is also from Ms. Weinstein's book

There is one Presence and Power in the Universe
That manifests to us (me) as Goddess and as God
It guides the stars and the planets
It guides me and moves through my life
For I (NAME) am a perfect incarnation of God (dess)
and a perfect priest/ess of God/dess (again adapt for gender as in the □
previous post)
and I am a complete manifestation of this power
I hereby use it now for GOOD
specifically to turn this astrological aspect, (NAME ASPECT, for example □
Mercury Retrograde) into it's most harmonious expression in my life
I release all imbalanced energy and it's effects
out of this aspect
and affirm only harmonious energy
 - For the good of all
and according to the free will of all
with ease and with joy
and so mote it be

Again, this is an affirmation geared toward the Wicca/Pagan belief systems
and □
a somewhat adapted form that works well for me.
